INTELLIGENCE INFORMATION HANDLING COMMITTEE

MEMORANDUM FOR: Holders of the Content Control Code

SUBJECT : Content Control Code, Change 12

1. Attached are replacement pages for the entire Geopolitical Schedule (Chapter 1) of the Content Control Code (CCC), including Section A (Description), Section C (Alphabetic by Name) and D (Alphabetic by trigraph coding--the Decode), less the map (Section B), which should be retained from the old edition.

2. The replacement pages incorporate all geopolitical changes up to the publication date (May 1972). Since this schedule is now being maintained on the EPIC System, all future changes hopefully will be by page substitution rather than by manual additions and deletions, and also should occur more often than was possible in the past.

3. To bring your copy of the CCC up-to-date, merely remove the old Geopolitical Schedule's Sections A, C, and D and add the new; no written changes are necessary. However, for your information, besides numerous changes in the scope notes and correction of errors, the new pages reflect the following changes in country codes:

<u>Political Entity</u>	<u>Old Code</u>	<u>New Code</u>	<u>Reason for Change</u>
ANGUILLA	None	IAV	Newly sovereign state
BANGLADESH	None	BBG	Newly sovereign
CHRISTMAS ISLAND (in the Indian Ocean)	None	OKT	Make compatible
EASTER ISLAND	PCI	JCI	Separate coding dropped Now coded as part of Chile
GAZA STRIP	DGZ	None	Separate coding dropped
ISRAEL-JORDON DEMILITARIZED ZONES	DIW	None	Separate coding dropped
